

Build your career in commercial millwork

Now hiring shop team members | Entry-level considered

At Heartland, we build important and beautiful commercial millwork for our customers - professionally, safely, and with pride. We're adding team members to support shop fabrication and occasional deliveries.

What you'll do

- Fabricate custom casework, millwork, and countertops (solid surface + laminate).
- Operate and learn modern shop equipment and power tools.
- Assist with loading/unloading and occasional deliveries when needed.

What we're looking for

- Positive attitude, punctual, detail-oriented, self-motivated, and communicates well.
- Basic carpentry skills and familiarity with power tools (entry-level candidates welcomed).
- Able to lift at least 75 lbs. and work at a strong, consistent pace to meet schedules.
- Willing to be cross-trained and grow your skills - we'll teach you the trade.
- A "C" class (non-CDL) driver's license is a plus, but not required.

Shop hours: Monday-Thursday 6:00 am - 4:30 pm (overtime availability required)

Pay & benefits

Starting pay: \$20.00/hr (or more DOE)

Benefits: Paid time off, 401(k), profit sharing
